

Candace Credle, C3 Concierge

WORKFLOW STRATEGIST | VIRTUAL ASSISTANT | PROJECT MANAGER | BUSINESS COACH

Hi there!

C3 Concierge Helps Small to Medium Size Businesses to Manage The Flow of Their Business More Efficiently with Systems!

Let's Work Together!

"Although you have the energy to do a lot, doesn't mean that you have to do everything in your business." - Unknown

Candace helps ambitious entrepreneurs become more efficient with workflow systems, so they can show up in their greatness to do what they love and spend less time on the backend of their business, projects, and events.

With over 11 years of strategically scaling businesses from scattered to streamline with customized workflow systems has saved her clients from headaches, being overwhelmed, and having to do everything themselves to having peace of mind, getting their time back, and creating a stellar client experience for their clients.

Candace's professionalism and structure of timelines are unmatched. She treats your business and project like it's her own while keeping everyone on track. She is the hidden gem your business needs!

TESTIMONIAL

I must say that C3 Concierge saved me from headaches. Often as entrepreneurs, we try to do everything when we know we need someone to assist us with projects to take the load off. Candace was just that. She provided me with peace of mind so that I could focus on what I'm good at. So glad she kept me and everyone attached to the project on track. Can't wait to work with her again!

As a serial entrepreneur and a business owner, I wear many hats and juggle many things. Candace came in and has helped my business run so much more efficiently by implementing systems and strategies to maintain organization. Not only has she helped my business run more efficiently, but I have been able to maximize my time in a way that allows me to get more done and have a much better work-life balance. - Michele Lopez, @themichelelopez
